PRODUCT SPECIFICATION

PARIS
WAYMARKER POST 72012

The Paris waymarker post is an essential part of many wayfinding schemes. Its simplicity and elegance lines enhance any surroundings and the versatility of the design means that each project can have a distinctive identity.

PRODUCT FEATURES

- Standard format 100×100×1500mm/1800mm
- Corrosion resistant aluminium
- Square or round waymarkers
- Powder coated to standard RAL colour

ADDITIONAL OPTIONS

- 125×125mm posts
- Corten weather steel/stainless steel
- Sockets for removable or surface mounting

INSTALLATION GUIDELINES *(These are guidelines only, and do not replace advice from qualified professionals)*

- 300×300×700mm excavation per post, approx. 400mm in the ground, backfilled to 50mm below ground level with standard postcrete, trowelled away for water runoff. This is for 100×100mm posts, larger posts will require an increased excavation.
