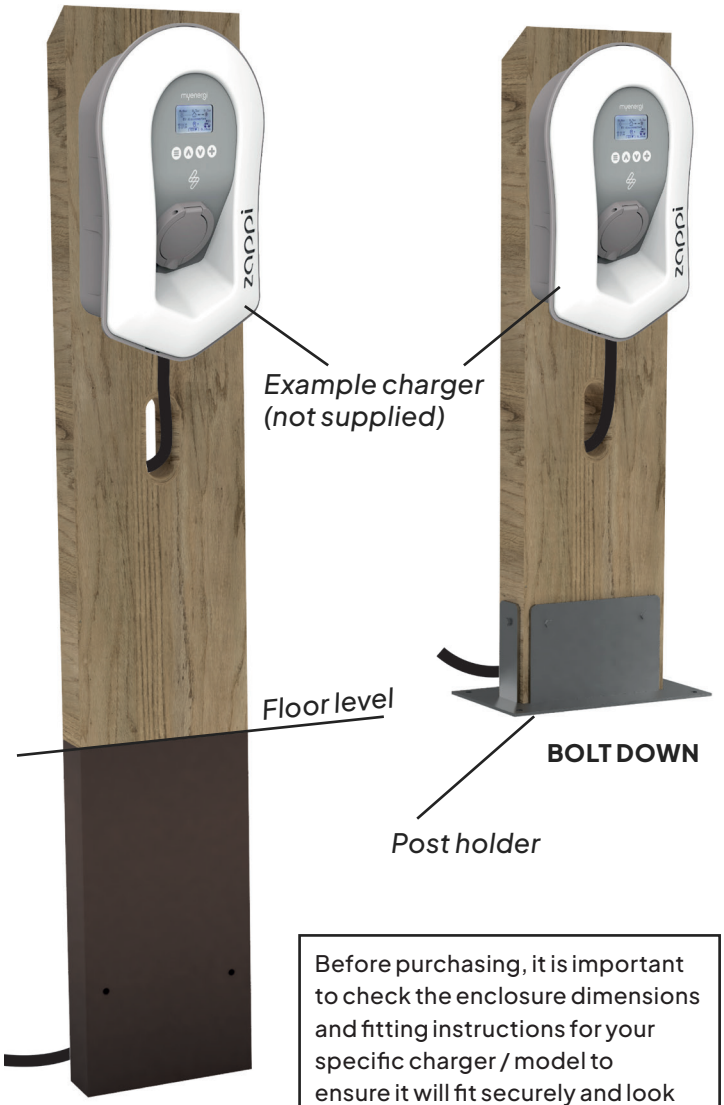
PRODUCT SPECIFICATION

NAZE
93042 UNIVERSAL EV CHARGING POST

This totem style charging post is not only functional but also aesthetically pleasing, making it a great addition to parking lots, commercial spaces, and residential areas. The Naze offers a practical and stylish solution for EV charger mounting and installation for any environment.

A workable through hole for cable runs is not only practical but also adds an architectural touch to the overall look. Installers can effortlessly hide power cables on the back face, maintaining a clean and presentable appearance on the front face, which can be further customised with engravings and printed artwork.



PRODUCT FEATURES
- Typically manufactured in fresh sawn oak or chestnut
- Standard 1200mm above ground
- H522 x W250 mounting area on front face as standard
- Weathered post top from front to back for water run off
- Worckable through hole for cable run
- 1 year manufacturer's warranty
- 4 week delivery (from approval/payment)

ADDITIONAL OPTIONS
- Alternative timbers e.g. Accoya
- Custom sizes
- Engravings to any face
- Graphics panels and plaques
- Option for re-bar
- Oiled preservative finish

INSTALLATION GUIDELINES
(These are guidelines only and do not replace, advice from qualified professionals)
- Root-fix – 350x350x500mm excavation, backfilled to 50mm below ground with postcrete, trowelled for water runoff.
– Use epoxy-fixed M12 (or similar) zinc plated anchor bolts on a flats surface e.g. a concrete pad.

Before purchasing, it is important to check the enclosure dimensions and fitting instructions for your specific charger / model to ensure it will fit securely and look aesthetically pleasing on this model of charging post. Other charging posts models are available at www.hornbeckgroup.com.
