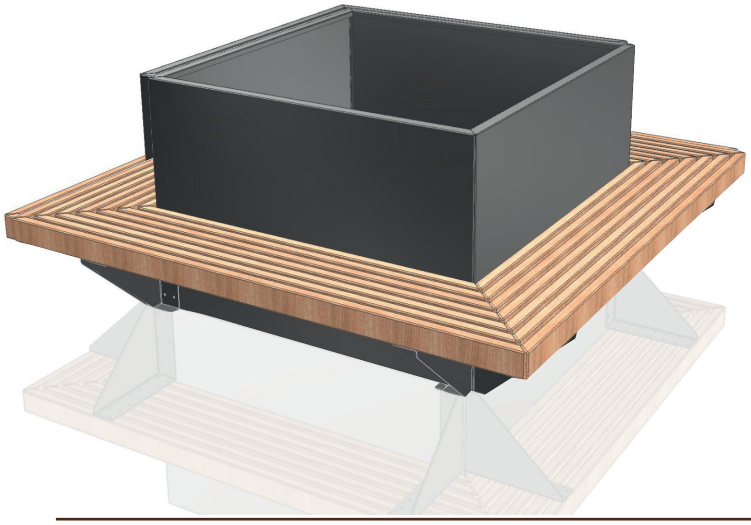
PRODUCT SPECIFICATION

METTRO 112

BENCH/PLANTER KIT 64112

The Mettro 112 bench/planter kit combines two essential features for urban spaces - somewhere to sit, and a haven for nature. The strong and durable steel planter is powder coated to your desired colour, then the supports are clad with timber to provide a warm and pleasant seat.

The capacity of over 2000 litres gives plenty of space for larger shrubs and trees meaning that a pleasant shaded area can be created. Unleash your creativity and experiment with different plant arrangements, creating a personalised and unique outdoor space for your visitors to enjoy.



PRODUCT FEATURES

- Frame manufactured from galvanised steel
- Powdercoated to the desired RAL colour
- Iroko slats
- 1 year manufacturer's warranty
- 4 week deliver (from approval/payment)

INSTALLATION GUIDELINES

Foundation & installation guidelines do not replace advice from qualified professionals.

***FREE STANDING** - Leave in place weighted to ground.

***BOLT DOWN - SURFACE FIX**

1) Excavate to given foundation dimensions (see data tables).
2) Fill with C40 grade concrete and level off, allowing sufficient space below ground to backfill (step 5) and leave to set.
3) Position the base plates as required on the concrete pad.
4) Base plates fixed to pad with M12 zinc plated anchor bolts.
5) Backfill to finished ground level with required materials.
